UDEMY

PROJECTS

Berkley Regional Shared Services (BRSS) Data Warehouse & ETL Support • 06/2024 - 06/2026

W. R. Berkley Corporation

Worked as a Data Developer supporting insurance data warehouse applications for Berkley. Responsibilities included migrating data from legacy systems to new environments, developing and enhancing SQL stored procedures. Involved in analyzing business requirements, implementing data transformations and ensuring data accuracy across reporting and warehouse systems.

RDW Production Support • 06/2024 - 06/2026

W. R. Berkley Corporation

Supported the Regional Data Warehouse (RDW) production environment by monitoring critical ETL and data warehouse jobs, troubleshooting failures, analyzing root causes, and ensuring timely resolution to maintain data availability and business reporting.

Mahathi Portal • 02/2025 - 06/2026

Mahathi Infotech

Mahathi Portal is an internal enterprise application used for data management, reporting, and business process support. The project involved developing database solutions, supporting data integration processes, creating SSRS reports, and providing

reporting data and insights for business users.

VOLUNTEERING & LEADERSHIP

Mahathi Infotech • 01/2026 - 04/2026

Scrum Master

Served as Scrum Master for the team, facilitating Agile ceremonies, tracking sprint progress, managing JIRA activities, and coordinating with stakeholders to ensure successful delivery of project objectives.

SKILLS

Database Design, Databricks, Data Integration, Data Modeling, Data Warehousing, ETL Development, Functions, JIRA, Job Monitoring, Performance Tuning, Power BI, Production Deployment, Production Support, Release Management, SQL Query Optimization, SQL Server, SSAS, SSIS, SSRS, Stored Procedures, Views
